ADDITIONAL STATEMENTS

KENNETH B. SCHWARTZ

• Mr. KERRY. Mr. President, I want to take a moment today to remember Kenneth B. Schwartz of Brookline, MA. I first worked with Ken when I was Lieutenant Governor and he was general counsel to the executive office of human services. He had a brilliant analytical mind, a keen sense of humor, and most important, he was one of the purely nicest human beings ever to walk the face of the Earth. He cared deeply about the most vulnerable among us, the elderly, the poor, the mentally ill.

Tragically, he was diagnosed last November with cancer. Despite having the best medical care available, Ken died September 10, at age 40, leaving his wife, Ellen Cohen, and his 2-year-old son, Benjamin.

Despite pain, surgeries, the devastating effects of chemotherapy, and the mental anguish that knowledge of his condition brought, Ken turned his experience into something quite remarkable and enormously valuable for both those afflicted with cancer and those who treat them.

The son and brother of doctors, Ken wrote an article for the Boston Globe magazine on his experience as a patient, and his relationship with the caregivers at the teaching hospital where he was treated. Ken's article opened the eyes of the medical community in a way that rarely occurs even in the most sympathetic and responsive of hospitals. His article came to the attention of the "Good Morning America" show, which featured him in one of its segments. During this all-too-brief period of time, he also helped establish the Kenneth B. Schwartz Center for the Study of Caregiver-Patient Relationships at Massachusetts General Hospital, so that the lessons he learned from his illness might be studied and broadened to the benefit of future patients, their doctors and other caregivers.

As was said of Sir Thomas More, Ken was:

A man of angel's wit and singular learning; I know not his fellow. For where is the man of that gentleness, lowliness and affability? And as time requireth, a man of marvelous mirth and pastimes; and sometimes of as sad a gravity; a man for all seasons.

I ask that his Boston Globe article be placed in the CONGRESSIONAL RECORD at this point, and I commend it to all my colleagues in the Congress.

The article follows:

A PATIENT'S STORY

(By Kenneth B. Schwartz)

Until last fall, I had spent a considerable part of my career as a health-care lawyer, first in state government and then in the private sector. I came to know a lot about health-care policy and management, government regulations and contracts. But I knew little about the delivery of care. All that changed on November 7, 1994, when at age 40 I was diagnosed with advanced lung cancer. VerDate 20-SEP
